### About me

---

Professional Full-Stack developer with **8+** years in **Web/Blockchain Development**.

I have a degree in Computer Science and Mathematics, and a long history in **Web** development.

I pride myself on being an extraordinarily fast developer while still maintaining high-quality standards and easy to work with. I love it when my clients are satisfied and excited about the work I've done for them!

#### *My service includes:*

- **Python , ES6/7/8, TS, HTML5, CSS3**
- **React(Gatsby | Next | Hook | Redux | GraphQL | API integration), Vue(Nuxt | Vuex | Vuetify), AntD, Bootstrap, Material-UI, etc.**
- **Django, Flask, Node.js, Express.js**
- **AWS(Lambda | Amplify | Cognito | S3) & Docker**
- **Unit Testing**

I stand with my clients through thick and thin and strive to build long-term relationships.

**Looking forward to working for you and bringing it to life!**

### Work experience

---
